Through the seasons

Spring

Fresh, green & blooming

The Woodland awakens. As trees and woodland floor plants start to leaf out and bloom, the approach through the tree-lined avenue feels fresh and vibrant.

Surrounding meadows and woodland edges come alive with pops of colour from early wildflowers. Perfect for outdoor ceremony photos. As light becomes softer, longer days and gentler sunlight bring a romantic glow to both outdoor and indoor celebrations.

Summer

Lush, warm & vibrant

Meadows are in full bloom: Wildflower meadows and greenery around the venue are at their peak colour and texture, adding beauty to photos.

The Golden light & long days: Sunsets stretch late, giving spectacular golden light for portraits against the rolling fields and forever Kent Downs. Outdoor celebration with the warm weather makes the woodland gazebo and lawn areas ideal for ceremonies, drinks and garden style receptions. The vibe: Bright, celebratory and alive. Perfect for open-air romance and big group photos in natural surroundings.

Autumn

Rich, warm & textured

The Turning colours: Woodlands and hedgerows slowly shift into deep golds, russets and browns, giving a classic English autumn palette that looks beautiful on camera.

Some meadows and wild areas retain late-season blooms and grasses that add soft texture and depth to landscapes.

As temperatures dip, our indoor space with festoon lights and warm décor feel extra inviting – great for twilight celebrations.

Winter

Crisp, atmospheric & cosy

The Bare branches: Without leaves, the woodland takes on a minimalist, architectural beauty. If there's frost or light mist, it can be incredibly atmospheric. The warm interior glow: Inside the lodge, lighting, logs and decorative warmth take centre stage – giving a cosy, intimate feel perfect for winter weddings.

Ceremony

Say 'I do' in a way that suits you, whether it's a civil ceremony or a blessing. At Crown Lodge we have two licensed ceremony spaces.

For outdoor ceremonies, our gazebo nestled in the woodland is an idyllic spot. It offers a serene and romantic setting.

For an indoor ceremony a warm space awaits offering ceiling to floor windows bringing in the natural light.

Key Moments

Setup

If there is no wedding or event taking place the day before your celebration, you are welcome to visit the venue to set up your personal touches, such as place cards, table décor, and signage.

Should there be an event the day prior, we will instead arrange a convenient decoration drop-off with you.

Our experienced team will carefully go through every detail with you in advance and will set everything up exactly as instructed, allowing you to relax in the knowledge that your venue will be beautifully prepared on the morning of your wedding.

Prior to Ceremony

Before your guests arrive, we ensure tables are perfect, the venue is polished, and liaise with all suppliers so everything runs smoothly and your wedding day unfolds exactly as planned.

Ceremony

Your Wedding Coordinator, together with the Crown Lodge team, will manage all music throughout your ceremony—from your guests' arrival to your exit song—ensuring every moment flows seamlessly.

Just before the ceremony begins, your coordinator will guide you into position, making sure your dress is perfectly fluffed and you're ready to wow as you walk down the aisle.

Post Ceremony

Once you are officially married, it's time for a magical confetti shower along our beautiful avenue of trees! Afterwards, your guests will be guided to the front of the Lodge, where your chosen drinks and canapés will be waiting, served.

While this celebration unfolds, our team will carefully move any décor from the ceremony and set it up for your wedding breakfast.

Wedding Breakfast

As the reception drinks flow, it's time for your first meal together as newlyweds. You will be introduced into the room (unless you prefer a private entrance), giving your guests the perfect moment to cheer and celebrate.

Once seated, our team will liaise with your caterers to ensure a smooth service throughout the meal, topping up drinks as needed so everyone stays refreshed.

Speeches

Whether you choose to have speeches before or after your Wedding Breakfast, we'll ensure the right people are prompted at the right time. A wireless microphone will be provided. Our team is also on hand to assist with distributing any gifts you've provided.

Evening Photos

Once the meal and speeches are complete, it's time to relax before the evening reception begins. Whether you choose to step away for those perfect golden sunset photos or simply sit back and enjoy more conversation with your loved ones, this is your moment to pause and soak it all in.

Cake Cutting & First Dance

Once your evening guests have arrived and settled in with a drink, your Wedding Coordinator will guide the flow of the evening by organising your cake cutting and first dance. Working closely with your chosen DJ or Band, these special moments will be perfectly timed.

After the cake cutting, our team will take the cake away, slice it, and display it for your guests to enjoy—while saving a portion for you to savour the following day.

Evening Food

Your Evening Duty Manager will coordinate with your caterer to ensure the evening food is served on time and runs smoothly, making sure all guests are happy and well-fed throughout the celebrations.
