Gin Menu

Served in 25ml measures unless stated otherwise

Gordon's Gin 37.5% from £6.00

Gordon's has a nose of citrus, juniper and a hint of coriander with a touch of dryness. Coriander is vital for providing a citrus edge, rather than adding more orange and lemon peel – as in the case of other gins where these ingredients introduce much blunter citrus notes.

Bombay Sapphire 40% from £7.00

Whilst ordinary gins boil their botanicals directly in the spirit to achieve their flavour, the taste of Bombay Sapphire is created through the Vapour Infusion process. The 10 precious botanicals used in are held separate from the spirit in perforated copper baskets, and when the heated vapours rise, the distinctive flavour of the botanicals are released.

Tanqueray 43.1% from £7.00

Tanqueray is a London Dry Gin with a dry and crisp taste. Its recipe is a fiercely guarded secret, but it's thought to contain as little as four botanicals.
